There can be no commercial endorsement or commercial sponsorship of any business, enterprise, product, service, event or individual created with Public Access equipment, created in a Public Access facility, or created for cable casting on the Public Access channel. This includes advertising by or on behalf of any candidate for public office, any audio or visual reference to any business, enterprise, product, service, event or individual for which any consideration was received by anyone in exchange for the display, announcement and/or reference to such business, enterprise, product, service, event or individual. Further, use of an on-camera product, service, or replay of an event for a commercial purpose is strictly prohibited.

b. Programming which constitutes or promotes any lottery or gambling enterprise in a manner that is in violation of any applicable local, state, or federal law.

c. Material which is "obscene" as defined by applicable

law and community standards. The status of such material shall be determined on a case by case basis.

d. Material which may constitute libel, slander, invasion of privacy or publicity rights, unfair competition, violation of trademark or copyright law, or which might violate any local, state or federal law; or

Users shall maintain for inspection by SCHOPEG ACCESS, INC. upon reasonable notice, copies of all clearances and releases required by this section.

18. Underwriting or "Patron Acknowledgment"

Schopeg community producers are encouraged to apply for & receive underwriting or grants that aid in the development, production, distribution or improvement of programs.

Donations can be in the form of in-kind contributions (goods or services) or money.

a. **Advance Planning.** Before making any solicitations for program funding, you must meet with SCHOPEG staff regarding your plans. We will review with you the policies and procedures governing underwriting/grant solicitations, credits, and help you draft a budget. No solicitation may be made on behalf of a program unless SCHOPEG has given prior written approval. SCHOPEG 's name may not be used in connection with any program or solicitation without prior written approval.

b. **Underwriting Credit.** Users are permitted to give aural and/or visual underwriting credit to a person or organization that has paid for, in whole or in part, the production, distribution or promotion of a program cablecast on SCHOPEG ACCESS, INC., so long as the underwriting credit does not violate FCC rules or regulations, the terms of the SCHOPEG ACCESS, INC. Policy Handbook (including Programming Content Restrictions, above), and the following additional guidelines.

(1) *Standard Length and Non-Commercial Content of Underwriting Credit.* Credit to an individual underwriter shall not exceed ten (10) seconds in length, unless it is part of an Underwriter Enhanced Public Service Announcements (UEPSA) as described below. All credits may include a logo, phone number and a voice-over, identifying the underwriter as the sponsor. "Jingles" are expressly forbidden. You may not use subjective modifying language in the voice over (words such as "best", "highest quality", "longest lasting", etc.) and may not provide any price information. No address may be shown or listed. You may not use terms that call upon the viewer to use the products or services of the underwriter (known as a "call to action"), or solicit a viewer

response of any kind, such as “buy one today,” “give us a call,” or “visit our showroom.” The overall effect of the acknowledgment must be in keeping with the noncommercial nature of public access cable television. Final authority determining the appropriateness of underwriting credits is the sole responsibility of the SCHOPEG ACCESS, INC. Programming Committee or their designee. The determination by the Committee is final.

(2) *Underwriter Enhanced Public Service Announcements (UEPSA)*. Single credit for a Public Service Announcement may be forty (40) seconds in length. A UEPSA is defined as a ten (10) second credit, immediately followed by a thirty (30) second 501©(3) non-profit organization public service announcement (PSA), electronically formatted to reveal the underwriter’s logo, and acknowledging the underwriting business as a “supporter” of the non-profit organization. The underwriter’s on-screen logo may visibly share the screen as the PSA plays in its entirety, not to exceed the thirty (30) seconds. If the business logo shares the screen with the PSA, the non-profit message shall dominate the majority of the screen space and shall be 100% of the audio heard by the viewer. All UEPSA credits must also comply with the non-commercial guidelines outlined in section “b” above.

(3) *Credit During Break Periods*. The length of break periods shall be sixty (60) seconds, with a maximum of six (6) different ten (10) second credits allowed per break. If UEPSA credits are used, only one may be used per break period. Therefore, one forty (40) second UEPSA may be accompanied by no more than two additional ten (10) second standard credits per one-minute break period.

(4) *Number of Breaks Allowed Per Program*.
• *Programs Less Than 75 Minutes*. Programs lasting less

than 75 minutes, may give underwriter credit at the open and close of every underwritten program.

- *Programs More Than 75 Minutes.* For programs lasting more than 75 minutes, underwriters may be acknowledged at the open and close of every underwritten program, and additional credit breaks at each “natural” break in the program or event. The total time dedicated to underwriter credit may not exceed forty (40) seconds for each sixty (60) minutes of programming in excess of seventy-five (75) minutes. “Natural breaks” occur at the beginning and end of the program or performance; during the intermission of a musical or theatrical stage event; and at quarter, half-time, or inning breaks in sporting events, but not “pauses” due to time outs, injuries, etc., which are considered part of the game and/or event.

- As a producer, you have the latitude to establish your own schedule of on-air acknowledgments for specific levels of support, subject to the guidelines above. The variables you have to work with include credit length, type of credit, and frequency. SCHOPEG ACCESS, INC. urges you to seek the advice of its staff to insure the appropriateness of your acknowledgments.

c. Notice to Underwriters. You must explicitly inform all prospective underwriters and/or grantors that you are a community producer acting on your own behalf, not an SCHOPEG ACCESS, INC. official, and that SCHOPEG ACCESS, INC. does not assume any responsibility for your program.

d. Payment to SCHOPEG ACCESS, INC.. All underwriting funds must be paid directly to SCHOPEG ACCESS, INC.. SCHOPEG ACCESS, INC. will reimburse you for your expenses upon the presentation of receipts. Six

(6) months after the completion of your program or completion of your series, any remaining unclaimed funds will become the property of SCHOPEG ACCESS, INC..

e. Use of Funds. All underwriting funds must be used for production expenses only, such as the costs of video discs, music rights, set supplies, and actors/talent. Because SCHOPEG ACCESS, INC.'s facilities may not be used for personal gain, the producer and members of the production crew may NOT be paid for their efforts. Use of SCHOPEG ACCESS, INC. facilities for commercial, profit-making, or private use under the pretense of creating Public Access programming is a Major Violation of SCHOPEG ACCESS, INC. policy.
